

Dear Colleagues,

In these difficult times of coronavirus and total shutdown, the Board of the ISR has decided to cancel the Summer Seminars which were to be held in Prague. At this time, the priority is everyone's health and safety.

No doubt, the Summer Seminars would have been a wonderful moment together but our focus will be now on our centenary congress. We hope many of you will come and celebrate this great event in Geneva in 2021.

I wish you all health and resilience

Warmest

Odile
